

REMARKS

No new matter has been added. Claims 1-3, 5-10, 18-22, 24, 28, 30, 31 and 38-42 are present and active in the application.

Applicants would like to thank Examiner Huson for the courteous and helpful telephonic discussion held with Applicants' representative on October 23, 2008. In the course of the discussion, the Examiner expressed her concern that the claims did not recite a minimum pressure during the second heating. In an effort to advance prosecution, Applicants have realized that the claims could be confusing, and have clarified the language of independent claims 1, 20, and 24 in order to set forth a minimum pressure.

Applicants submit that the present application is now in condition for allowance. Early notice of such action is earnestly solicited.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'W. John Keyes', is written over a horizontal line.
